**WE BUILD...
YOUR VISION!**

DESIGN ENGINEERING, CONSULTANCY & CONSTRUCTION

Why Choose **vrep?**

Your Trusted Partner, we are **Versatile & Reliable
in Building an **Engineering Platform****

With over a decade of excellence, VREP Consultant and Construction Pvt. Ltd. has emerged as a leading force in the construction industry, consistently setting benchmarks for quality and efficiency. We guarantee on-time project delivery with a comprehensive, single-point solution encompassing design, procurement, and construction.

Our expertise in full-cycle project management results in a notable cost-efficiency advantage—approximately 5%, underpinned by strong management skills and extensive experience in handling multidisciplinary projects.

Moreover, we take pride in that 80% of our business comes from repeat clients each year, a testament to the trust and satisfaction we inspire in our customers.

“18+ years of excellence in industrial and infrastructure delivery”.

VREP

OUR INTEGRATED APPROACH

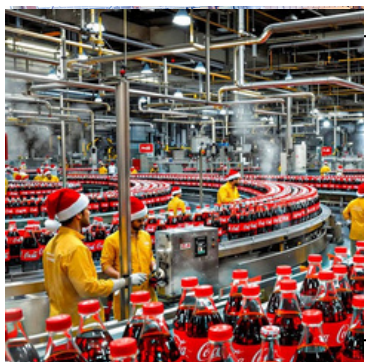

01. CONSTRUCTION PROJECTS

From the initial catch to the final delivery, we ensure Penver Sea Foods brings you robust, high-quality seafood, guaranteeing seamless execution and superior results.

02. DESIGN & BUILD

At Cargill India, we integrate expertise from concept to execution, ensuring a single point of responsibility for efficient and innovative project delivery

03. PROJECT MANAGEMENT CONSULTANCY

For our client, Coca-Cola, our expert oversight ensured every project stayed on track, maintaining rigorous control over scope, budget, and schedule for optimal outcomes.

04. ARCHITECTURE & DESIGN

For our client, GameChange B.O.S., we crafted inspiring, functional, and sustainable interiors through innovative design solutions.

ABOUT US

At VREP Construction & Consultants Pvt. Ltd., we believe in building more than just structures — we craft solutions that respond to real-world needs. Guided by purpose, precision, and integrity, we partner with clients to bring their vision to life through smart, sustainable, and cost-effective project delivery.

Our diverse team of professionals ensures seamless execution across every stage — from architectural design and construction to utilities, landscaping, and process engineering. Whether it's a new greenfield development or a complex brownfield upgrade, our focus remains the same: delivering quality projects that last, create value, and serve growing communities.

BUSINESS OVERVIEW

VREP Construction & Consultants Pvt. Ltd. is a leading engineering and construction firm, delivering tailored infrastructure solutions across commercial, residential, and industrial sectors. We specialise in both greenfield and brownfield projects, consistently completing them on time while maintaining the highest standards of quality and safety.

Our fully integrated services include project management, architectural and structural design, PEB structures, construction, utilities, and process engineering — all customised to align with client goals and site-specific conditions. With a commitment to innovation, sustainability, and regulatory compliance, VREP is a trusted partner for future-ready infrastructure and consultancy services.

“From Concept to completion, we bring your vision to life”.

Who We Are

VISION

We don't just build structures—we build trust, dignity, sustainability, and long-term partnerships for a better tomorrow.

MISSION

Building trust and delivering value through purposeful, timely, and high-quality project solutions.

CORE VALUES

Integrity: Integrity is doing what's right, even when no one is watching.

Accountability: Own your actions—growth begins where blame ends.

Respect: We treat everyone with Love, kindness and care

Leadership: Guiding with integrity and expertise.

Innovation: Embracing change to drive progress.

Quality: Excellence, even when unseen.

MANAGEMENT TEAM

Experts

VANDANA KOHLI

DIRECTOR / CO-FOUNDER

Vandana Kohli is the founder of VREP Construction & Consultants Pvt. Ltd., and a visionary force in an industry traditionally dominated by men. Born in Amritsar and once an innovative homemaker, she entered the construction world with no prior experience—but with unshakable belief, clarity of vision, and a deep desire to make a difference.

With over 27 years of experience, Vandana blends design expertise with strategic thinking, holding degrees in Psychology, Sociology, and an MBA in Strategic Management. Her perfectionist mindset and people-first mission have led to the successful execution of innovation centres for global brands and the creation of efficient systems across the organisation. Driven by a purpose to help others realize their dreams, Vandana continues to inspire through her journey—from homemaker to entrepreneur and industry leader.

S.SAIKUMAR

DIRECTOR / CO-FOUNDER

Sankaran Sai Kumar is the co-founder of VREP Construction & Consultants and a seasoned mechanical engineer with over 35 years of experience in the industry. From being the first employee of Pepsi India in Bangalore to leading VREP with precision and integrity, his journey reflects deep technical expertise and strong business acumen.

Renowned for his sharp eye for detail and relationship-driven approach, Sai Kumar now spearheads business development at VREP. His on-ground insight and strategic leadership have been key in delivering high-quality industrial projects, earning him accolades including the Pepsi International Quality Award.

PRADEEP kumar

COO - Supply Chain Management

Pradeep Kumar is a mechanical engineer with an M.Phil from IIMC and 30 years of experience in project and manufacturing technology in the food and beverage industry. He has successfully led significant projects across India, the Middle East, Southeast Asia, and South Africa, supplying major retailers and brands like NDDB, Glaxo, Schreiber Foods, and Coca-Cola. His expertise encompasses a wide range of products, including aseptic, PET, and carton packaging, as well as various beverages, dairy products, chilled and frozen foods, and brewery items. Pradeep Kumar is a certified PMP (2020) from the Project Management Institute, USA, and a long-standing member of the Society of Dairy Technology.

Experts

SHAGUN KOHLI

Principal Architect

Shagun is an accomplished architect with over 12 years of experience in sustainable industrial and interior design. A Ramaiah Institute of Technology graduate, she has designed numerous innovative spaces and serves as the Head of Design and Administration. Shagun's detail-oriented and versatile approach ensures that architectural designs align with business strategies, achieving exceptional project outcomes and client satisfaction.

SURENDRA BABU J V

Chief Operating Officer

Mr. J.V. Surendra Babu, a Chemical Engineer from Bangalore University, brings over 40 years of leadership experience in engineering, project execution, and operations management. He has successfully delivered large-scale Greenfield and Brownfield projects across sectors such as Food & Beverage, Consumer Goods, and Engineering Infrastructure, with prior leadership roles at Britannia, Mondelez, PepsiCo, HLL, Godrej, Dangote, and others.

Known for his strategic execution and team leadership across India and Africa, he has also contributed to over 40 sustainability assessments under the GreenCo Certification framework.

At VREP, he leads the Operations & Execution vertical, driving smart, sustainable engineering solutions in line with the company's growth and innovation goals.
