Why Choose Us?

- 18+ years of excellence in industrial and infrastructure delivery
- Turnkey solutions focused on quality, sustainability & speed
- Expertise across Civil Construction, Design & Build, PMC, Architecture & Interiors
- We build trust and a better tomorrow

Let's build something great together.

VREP OUR INTEGRATED APPROACH

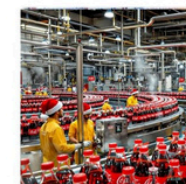

01. CONSTRUCTION PROJECTS

From the initial catch to the final delivery, we ensure Penver Sea Foods brings you robust, high-quality seafood, guaranteeing seamless execution and superior results.

02. DESIGN & BUILD

At Cargill India, we integrate expertise from concept to execution, ensuring a single point of responsibility for efficient and innovative project delivery

03. PROJECT MANAGEMENT CONSULTANCY

For our client, Coca-Cola, our expert oversight ensured every project stayed on track, maintaining rigorous control over scope, budget, and schedule for optimal outcomes.

04. ARCHITECTURE & DESIGN

For our client, GameChange B.O.S., we crafted inspiring, functional, and sustainable interiors through innovative design solutions.

From concept to completion, we bring your vision to life.

About Us

VREP specialises in delivering tailored, innovative solutions based on customer needs and local conditions. Our expert teams provide end-to-end services including project management, design, construction, utilities, landscaping, and process engineering, ensuring seamless execution with all necessary approvals and clearances. We consistently complete greenfield and brownfield projects on time, maintaining the highest quality standards. For every company, we deliver cost-effective solutions to meet their specific requirements.

"You Dream It. We Build It"

Our Management

1. Vandana Kohli (Founder)

Vandana Kohli, a founder of VREP, brings over 23 years of leadership at VREP, blending design intuition with strategic execution. She transformed VREP into a structured, innovation-focused industry leader.

2. S. Saikumar (Co-founder)

With 35+ years of experience, Sai Kumar is known for his precision-driven execution and unwavering commitment to safety, quality, and timely project delivery in the construction industry.

3. Pradeep Kumar (COO)

Pradeep Kumar, COO – Supply Chain, brings 30+ years of expertise in food and brewery projects, packaging technologies, and global project execution across multiple regions.

4. Shagun Kohli (Principal Architect)

Shagun is an accomplished architect with over 12 years of experience in sustainable industrial and interior design. Her strength lies in uniting design precision with operational strategy for impactful project outcomes.

5. J.V. Surendra Babu (COO)

J.V. Surendra Babu, COO – Operations, brings 40+ years of experience in executing large-scale projects, leading VREP's operations with smart, sustainable, and system-driven engineering solutions.

Our Philosophy is – “BUSINESS IS IN THE HEART, & HEART IS IN THE BUSINESS”

Our Vision

We don't just build structures—we build trust, dignity, sustainability, and long-term partnerships for a better tomorrow.

Our Mission

Building trust and delivering value through purposeful, timely, and high-quality project solutions.

Our Message

At VREP, every project is a promise — of quality, integrity, and a better tomorrow.

“Your project is in good hands”
